## SUBMISSION OF YOUR VISA APPLICATION V1 - POINTS OF ATTENTION

### How do I submit my visa application?

- Use Google Chrome
- After completing your visa application, you must click on "Print".
- You will be redirected to a web page to pay (for more info on fees, click [here](#)). Only a payment online (via Maestro, MasterCard, American Express or Visa) will lead to the submission of a visa application. It is impossible to work with a bank transfer.
- After payment, you should receive a total of **three emails** within two hours:

1. An email from Ingenico confirming the payment:

*Worldline Nouvelle commande mdeonbe PAYID: xxxxxxxxxxx / orderID: Wxxxx-xxxxxx/00 / statut: 9*

*Your visa number*

2. An official receipt from Mdeon with your submitted visa application attached:

*Mdeon - Visa application - Acknowledgement of receipt V1/xx/xx/xx/xxxxxx*

*Date of submission      Your visa number*

3. An invoice from Mdeon:

*Mdeon - Invoice - Visa application V1/xx/xx/xx/xxxxxx*

***! If you didn't receive these three emails, your visa application has not been submitted. In that case, please contact Mdeon asap.***

### What if I forgot to mention something else or if I mentioned something wrong?

Once submitted, it is impossible to change the visa application. What you can do is send us an e-mail. Indeed, if you send us additional information or supporting documents by email to [secretariat@mdeon.be](mailto:secretariat@mdeon.be) before your application is processed by the Visa Bureau, the members of the Visa Bureau can take it into account. Please mention in your mail the visa number to which your mail refers.

### What should I do if I receive a refusal decision?

Without a visa number obtained, the requested sponsorship may not proceed. Following a refusal decision, there are **three options**:

#### **1. Resubmit the application**

Each application that was submitted on time but that has been refused can be reintroduced after changing the elements leading to the refusal. In that case you need to follow the same procedure as for the first introduction, with an exception for the introduction's deadline which is then of at least 6 working days. If the application is rejected because of late submission, it is not possible to resubmit using the reduced time limit of 6 working days. In this case, the urgency procedure can still be invoked, provided that a submission period of at least 2 working days is respected (click [here](#) for more information). In accordance with article 31.3 of the Code of Ethics, payment must be submitted at the moment the Visa request is made regardless of whether the visa is eventually granted or not. These payments are not refundable.

*! Don't forget to indicate in section A.7.2 of the Visa Application that it is a resubmission with reference to the first (approved or refused) number*

#### **2. Appeal**

Each refused decision can be appealed at the Chamber of appeal of the Visa office.

Please be careful, the Chamber of appeal evaluates the visa application as it was submitted originally by the applicant. The applicant can possibly add additional information to support his/her original request but cannot change it under any circumstance. If the applicant wishes to alter his/her original request, he/she needs to submit a new visa application.

In accordance with article 21 of the Code of Ethics, the appeal has to be sent by registered mail addressed to "Mdeon - Secretariat of the Visa Office, Belgicastraat 1 B7, 1930 Zaventem", at the latest the 5<sup>th</sup> working day following the day of receipt of the decision. The date of the postmark will serve as proof of date of mailing.

The Chamber of appeal will also send you its decision in a delay of 5 working days.

#### **3. Accept the refusal**

In this case there cannot be any sponsorship, which does not mean that healthcare professionals cannot participate in or organize the scientific event, but they will have to bear the expenses themselves.
